DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

2. Claims 11,13-14 rejected under 35 U.S.C. 102(b) as being anticipated by Hundemer (4,237,524).

3. Hundemer discloses a central headlight housing including a lens (1, inherent since all headlights have lenses to modify emitted light and to protect the internal components of the headlamp), a mounting assembly for mounting the central headlight housing to a motorcycle frame (2,3) and adjustment means for adjusting the central headlight housing with respect to a motorcycle frame after assembly thereto, including means for pivotally moving said mounting assembly (4,7,8); Hundemer discloses a central headlight housing including a lens(1, inherent since all headlights have lenses to modify emitted light and to protect the internal components of the headlamp), a mounting assembly for mounting the central headlight housing to a motorcycle frame (2,3) and adjustment means for adjusting the central headlight housing with respect to a motorcycle frame after assembly thereto, including means for lengthening and shortening said mounting assembly (9,10,11, col. 2 lines 63-67, movement in the direction of A lengthens and shortens a portion of the mounting assembly); With regards to claim 14, Hundemer discloses means for lengthening and shortening the mounting assembly (9,10,11, col. 2lines 63-67) in combination with means for pivotally moving the mounting assembly (4,7,8).

Allowable Subject Matter

4. Claims 1-10 are allowed.
5. The following is a statement of reasons for the indication of allowable subject matter: The reasons can be found in the previous office action.

Response to Arguments

6. Applicant's arguments with respect to claims 11,13,14 have been considered but are moot in view of the new ground(s) of rejection. Subsequent applicant's amendment to include "central" to designate that the headlight housing is now a "central headlight", the above rejection is being made since this addition changes the scope of the claim.

Conclusion

7. Pertinent cited art: Baba(4,622,622); Alphen (4,024,387).
8. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any

extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
